

THE FAMILY FIGHT

Lyrics: Les Kotzer / Music: Lewis Manne
Manimal Music / Lesko Music SOCAN

We're dividing all of mother's things
Deciding on her rugs and rings
I can't believe what's happening tonight

Can't split a painting on a wall
Or share a table in the hall
I never dreamt that we could fall apart
It would break our mother's heart

Tonight we're in a family fight
And yet as kids we'd talk the night
But now, we're in a family fight
A family fight

What kind of message does this send
My brother, always my best friend
Do hurting hearts ever mend
Or is this how our story ends

Tonight we're in a family fight
And yet as kids we'd talk away the night
But now, we're in a family fight
A family fight

We don't see this working out
His lawyer called today
Look how fast our lives can change
What would mother say

I never thought that I would see
These winds destroy the family tree
Memories are drifting in the storm
Those frozen moments always kept me warm

Tonight we're in a family fight
And yet as kids we'd talk away the night
But now, we're in a family fight
A family fight
Tonight we're in a family fight

And yet as kids we'd talk away the night
But now we're in a family fight
A family fight
Tonight we're in a family fight
And yet as kids we'd talk away the night
But now we're in a family fight
A family fight
