

HOW DO YOU TAKE YOURSELF BACK?

Tempo 120 in G
L. Manne/L. Kotzer
Manimal Music/Lesko Music SOCAN

When your sky falls
When your dream fails
When your life leaves port without any sails
How do you take yourself back?
To the life you once knew
To the home you outgrew
How life was for you at 22

When you feel sad
When you've got to cry
When you raise your hand to say goodbye
How do you take yourself back?
To the life you once knew
To the world you walked through
How life was for you at 22

Life was near perfection
Till storm clouds headed in our direction
She liked looking out the window
She liked sitting in that chair
She was the captain and her love took us everywhere

When that day comes
When her scent fades
When that touch that meant so much, seems so very far away
How do you take yourself back?
To the home you outgrew

How do you take yourself back?
To the world you walked through
To the person everyone knew
How life was for you at 22

All my life I'll be thinking of you
And how life was for you at 22
